

# Christmas Day all wrapped up in a box

For those of you who have had our Christmas lunch know how delicious it is.

This year we're giving you the chance to enjoy it all, without the time consuming peeling, preparing, roasting and most of all the washing up after! And in your own home. If you have family or friends on Christmas Day let us take care of the food (and we won't let on if you claim you've spent hours in the kitchen!)

With our takeaway Christmas meal you'll have plenty of time for that extra glass of wine and chat with your guests without the worry. We'll wrap up Christmas for you and here's what's in your Christmas Box -
